Mariah's **NEW** **MAN**

MORE THAN FRIENDS

"They've been having birthday parties together for years, but this is the first time it was a romantic celebration," a source says of Mariah and Brett Ratner.

IN THE WAKE OF HER TRAUMATIC DIVORCE FROM NICK CANNON, THE TROUBLED DIVA FINDS LOVE WITH A TRUSTED COMPANION.

BACK in 2012, Nick Cannon was attending a joint birthday party for his wife, **Mariah Carey**, and her good friend, Hollywood film director **Brett Ratner**, when he noticed that the friends — who have collaborated on no fewer than eight music videos together — had unusually good chemistry. "Those two will probably end up together!" a party guest remembers Nick joking at the time. Now, three years later, that prophesy appears to have come true: News emerged last week that Brett whisked Mariah off in a private jet to the Caribbean, where they spent yet another joint birthday together — this time, as lovers!

A well-placed insider confirms to

Star that Mariah and Brett have been dating for "about six weeks" and that they are merely waiting to tell her 3-year-old twins, Moroccan and Monroe, before taking their romance public. "Even they can't believe they ignored their true feelings for almost 20 years!" says the friend of the couple. "But the timing was never right for the two of them. Now it is."

The timing, in fact, couldn't be better, especially for Mariah, who is coming off one of the toughest years of her life. First came her nasty split from Nick, accompanied by rumors that he was cheating with numerous women. That was followed by a series of disastrous performances in which her legendary

voice embarrassingly faltered. Finally, as *Star* reported exclusively, she had begun abusing prescription cough syrup in an attempt to treat her voice. After all that, Mariah appears to have found a very bright light at the end of the tunnel.

"She is finally happy, and no one would be surprised if they got engaged after her divorce from Nick is finalized," says the source, noting that Brett, unlike Nick, comes to her independently wealthy, worth an estimated \$65 million. "He doesn't need Mariah for anything, and she likes that," continues the source. "She's also finally dating someone age appropriate. He stands up to her and tells it like it is — who else could do that with her?" ★

Selfish Heart?

With 19 tracks boasting about her success, including “B*tch, I’m Madonna,” the self-aggrandizing disc just isn’t connecting with fans.

“Friends have urged her to just stop recording and go out on top,” says a source, “but she just won’t do it.”

MADONNA'S MELTDOWN CAREER IN CRISIS

IS IT TIME FOR THE ICONIC POP STAR TO TAKE A BOW?

MADONNA'S newest album, *Rebel Heart*, should be renamed *Rebel Heartbroken* after sales figures reveal that the pop legend's 13th album is her worst in 20 years.

The lackluster release sold an anemic 116,000 copies in the first week and a measly 22,800 the second, even with a promotion offering a free album with every concert ticket sold. “She’s desperate to stay relevant,” a close friend tells *Star*. “Madonna thinks that by dressing outrageously and doing these crazy performances, she’ll get as much attention as she used to get — but they’ve seen it all before.”

Indeed, viewers of the iHeartRadio Music Awards on March 29 were left scratching their heads over her duet of her new song “Ghosttown” with Artist of the Year **Taylor Swift**. “It felt like she was trying to piggyback on Taylor’s success,” one young viewer told *Star*. “I don’t think anyone would’ve watched, had it just been Madonna singing alone. Young people don’t care about her.”

The problem, says Madonna’s pal, is her refusal to age gracefully. “What she keeps forgetting is that her fan base has gotten a lot older. Instead of catering to them, she is trying to get the youth’s attention, but they couldn’t care less,” adds the friend. “In all

honesty, she’s alienating people by doing this kind of thing. It’s really not smart on her part.”

But tanking album sales aren’t even the worst of it — ticket sales for her *Rebel Heart* tour have been weak, with most U.S. venues struggling to fill seats. This is a sharp decline from her 2012 *MDNA* tour, which sold out at Yankee Stadium in 20 minutes.

“Hopefully, the fact that this album failed will wake her up and make her see reality,” continued the insider. “She’s only hurting herself by continuing the crazy antics and weak songs. She needs to learn that her fans have grown up. Maybe it’s time she did too.” ★

MICHAEL & TARAJI'S FLIRTFEST

Everyone is in love with Cookie Lyon — even **Michael Strahan**! *Empire* star **Taraji P. Henson** caught the eye of the *Live with Kelly & Michael* star when she guest cohosted the morning chat show. “Michael flirted openly with Taraji on camera, but he wasn’t kidding — off camera, he kept asking her, ‘When can I take you out?’” dishes an on-set source, adding that Taraji initially brushed off his advances. “She just laughed and said, ‘Stop playin’!” but Mike told her he was very serious.” The two ended up having an intimate dinner that night at the Mandarin Oriental hotel...and may have more dates on the books! “They seemed to really hit it off, and Michael is really intrigued by her,” the source revealed. Twice-divorced Michael has been single since splitting from reality star **Nicole Murphy** last August, while Taraji counts **Khloé Kardashian’s** ex **Lamar Odom** as a former flame. “She’s definitely smitten,” says the spy, “but she likes to take things slow!” Don’t tell Lucious! ★

TALLULAH BI-CURIOUS?

After her recent stint in rehab, **Demi Moore** and **Bruce Willis’** youngest — and wildest — daughter has an unexpected new crew. “**Tallulah** fell in with a group of lesbians, and she’s loving it. It’s an eclectic bunch, but they’re genuine and cool and totally accepting of Tallulah,” says a source. “She’s exploring her sexuality and is intrigued by her new friends, but she isn’t dating anyone.” Mom Demi is so thrilled that Tallulah has ditched her old bad-news pals, she even accompanies her daughter to popular Venice Beach gay bar Roosterfish. “She’s just grateful that Tallulah is happy and healthy,” adds the insider. “She has a very open mind and thinks it’s great that Tallulah is exposing herself to people from different walks of life.” ★

JENNIE GARTH CRUSHED OVER PETER'S ENGAGEMENT

Jennie Garth is living every woman's nightmare as her ex proposes to a woman more than a decade her junior! Despite her brave face, sources say that Jennie, 43, is devastated by **Peter Facinelli's** over-the-top Empire State Building engagement to his *Nurse Jackie* costar **Jaimie Alexander**, 31. "She never really expected him to marry her and convinced herself he was just going through a midlife crisis," says a friend. "Jennie cried when she heard — it really cemented their breakup." While Jennie is dating actor **David Abrams**, she's still carrying a torch for her ex. "If she was totally in love and remarried herself it would be a different story," the insider explains, "but she hasn't found anything close to what she had with Peter." ★

THREE MEN AND A BABY'S HUNKY REMAKE!

New dad **Ryan Reynolds** wants to put diaper duty on pause and reprise the hit 1987 flick *Three Men and a Baby*, with the help of hunky fellow fathers **Ashton Kutcher** and **Ryan Gosling**. "Ryan thinks the timing couldn't be better," says a Hollywood insider. "All the guys are going through first-time fatherhood — all with daughters! — so they could call on a lot of their experiences to make the movie funny."

Ryan welcomed daughter James with wife **Blake Lively** just before the New Year, while Ashton says life with **Mila Kunis** and baby Wyatt is "unbelievable," and Ryan Gosling and baby mama **Eva Mendes** are "cherishing every minute" with little Esmeralda. "It would be great to get the ball rolling on this movie while all the comical and cringeworthy moments of daddy duty are fresh in their minds," adds the source. "And they aren't a bad bunch to look at, either!" ★

FALLING STARS

SIMON COWELL SHOPS FOR ZAYN'S REPLACEMENT!

COULD THEY
TAKE HIS PLACE?

On to the next! **Simon Cowell** isn't joining the legion of Directioners who are weeping over **Zayn Malik's** abrupt departure. Instead Simon, who created One Direction, is already looking to cash in on Zayn's exit by pitching a reality show to find his replacement. "He's picturing a kind of *Who Wants to Be a Boybander?* type show, with auditions in both England and America," says the insider. Ironically, it was Simon who talked Zayn into joining the group in the first place. "1D is his baby, but he's not sad about Zayn quitting — he actually sees this as a huge opportunity to make the band even bigger." ★

ED SHEERAN

Not only could the band use a ginger infusion, but Ed wrote four of their hits, including "Little Things" and "18!"

SHAILENE WOODLEY'S ECO TIPS!

Tris may be trying to save postapocalyptic Chicago, but in real life, *Insurgent* star **Shailene Woodley** is trying just as hard to save the planet! The hippie-dippie Hollywood darling has gushed about eating bone broth and clay, but now she's has a new snack du jour: bugs! "I've eaten ants, and that was great — and June bugs, that was great," she told *Nylon* magazine. "I think the future of food is in insects." The 20-year-old also says that helping Mother Earth is easier than you think. "Everyone

could and should do a lot for the planet. Find one small thing that works for you, and dedicate and commit to that one thing every single day," she shared. A few easy ideas? Save resources (and money!) by unplugging appliances when you leave the house and turning off the water when you shampoo in the shower. "[And] don't ask for a straw in a restaurant. Make it a goal not to drink out of plastic as much as possible," she adds. "There is a lot of small things out there, you just find the one that works for you!" ★

*Emma &
Andrew*

TAKING A BREAK

Separated by thousands of miles, the *Spider-Man* duo are on shaky ground.

THEY were one of Hollywood's most solid couples. But after months of struggling with a long-distance relationship, *The Amazing Spider-Man's* **Emma Stone** and **Andrew Garfield** are hanging by a thread.

"It's clear they've drifted apart," says an insider of the formerly happy pair, who have been separated by nearly 7,000 miles while Andrew shoots in Taiwan — and prepares to continue filming even further away, in Australia. "It's an

unspoken issue, but everybody knows they are on hold."

While the insider says that Andrew and Emma have been going through a rough patch for quite some time, they managed to keep their troubles hidden until awards season. But when Andrew didn't show up at either the Oscars or the Golden Globes to support Emma, who had been nominated for best supporting actress for both, rumors of a breakup swirled. Sadly, those rumors weren't far from the truth. "Yes, Andrew was

filming, but he could have gotten away if he really wanted to," says the insider. "The fact was, neither one of them wanted to plaster on a smile and pretend everything was OK when it wasn't."

According to the insider, Emma and Andrew were "incredibly happy" for much of their three and a half years together — and aren't ready to call it quits just yet. "They're taking some time apart to figure things out," the insider explains. "They need to know if what they once had is worth saving." ★

Kaley & Ryan THEIR PDA IS MIA

They've been married for only a year — but for **Kaley Cuoco** and **Ryan Sweeting**, the honeymoon is over. Looking more like an unhappily married couple than the madly-in-love newlyweds they once were, Kaley, 29, and Ryan, 27, have barely been seen together in recent months. And an insider says money issues have driven a wedge between them. "Ryan sits around their home all day," the insider says of the former tennis pro. "He's not doing anything that will earn money, and it's driving Kaley crazy. They're fighting all the time." ★

Jennifer WARY OF ANNA

As **Ben Affleck** shoots his upcoming thriller *The Accountant* alongside **Anna Kendrick**, 29, his wife, **Jennifer Garner**, 42, is making sure he doesn't get too much alone time with his pretty costar. "Anna is very nice but superflirty, and Ben loves the attention," says a source, adding that Jen has already made a point of visiting Ben, 42, on the film's Georgia set — to size up their chemistry! "She had heard that Anna can be aggressive and is known as a climber in Hollywood," the insider says. "When she jokes around with Ben and puts her hand on his shoulder, she knows exactly what she's doing." As pleasant as Jen was to everyone on set, her visit had a purpose, the insider explains: "She wanted to remind Anna who Ben is married to!" ★

TAYLOR SWIFT may want to think twice before trusting **Calvin Harris**! The pop star, 25, seemed smitten with the sexy Scottish DJ, 31, as they took in a **Kenny Chesney** concert in Nashville on March 26. "Calvin had his arms around her, and she'd lay her head back on his chest," dishes a witness. "And when she danced, he'd eye her up and down — it was obvious he liked what he saw!" But Taylor's inner circle think she's flirting with danger. "Calvin may appear to be a wholesome guy, but he's a huge player," says a member of Taylor's crew. "He jumps from girl to girl; women throw themselves at Calvin, and he loves it." Last June, after a year of dating, Calvin publicly dumped **Rita Ora** via Twitter then blocked her from releasing their single. Rob **HITS ROCK BOTTOM**

In Denial

With his weight maxing out at 350 lbs. and his substance abuse spiraling out of control, Rob is in a dangerous place. "But he refuses to admit anything is wrong," a source says.

FROM matriarch **Kris Jenner** on down to youngest sister **Kylie Jenner**, all the female members of the extended Kardashian clan have built lucrative careers around **Kim Kardashian's** fame. But there's one relative who hasn't reaped the benefits of the Kardashian name: 28-year-old **Rob**. In fact, friends say his family's success has been slowly destroying him.

Following years of extreme weight gain, excessive substance abuse and fallouts with his mother and sisters, Rob has isolated himself from his family and the world — and friends say he's now moved into a notorious drug-infested neighborhood. "Rob is in a very dark place right now. It's never been this bad before," the insider says. "He seriously needs help but refuses to admit it, and no one knows what to do about him anymore. He just won't talk to anyone."

After trying for years to save the youngest Kardashian only to be pushed away, most of his family have turned their backs on him. Alone with his pain, with no one to turn to, Rob has reached a dangerous tipping point, and loved ones are afraid for his life.

KIM PUSHES HIM TO THE BRINK

While Rob's struggles are hardly new, insiders say his tenuous relationship with his mom and sisters reached a breaking point recently, when sister Kim announced her plans for a televised intervention to help him. "Rob was not OK with that. He has no intention of being forced into rehab, so he told everyone to mind their own business," says the source. "Kim came down hard on him and told him to quit embarrassing them, to get a life and a job already." Then, the insider continues, "Kim straight-up said if Rob won't make an effort to save his own life, then she doesn't care if he lives or dies either!"

Family Feud

It was a fight with Kim that pushed Rob over the edge. "He blames her for a lot of his problems," a pal says. "They've never really gotten along, but now their relationship is almost irreparable."

Those cruel words cut fragile Rob to his core. Since then, he's severed ties

Dangerous Habits

Insiders say Rob is a habitual user of both marijuana and sizzurp — a drink made from codeine-based cough syrup — which has led to health problems.

Hiding Out

Sources say Rob has moved into this low-budget Downtown L.A. hotel, where a dead body was found in a water tank in 2013.

with most of his family and gone into hiding. "He is staying at the Stay Hotel in Downtown Los Angeles," the insider reveals. "There's a lot of drugs in the area, and all sorts of bad things happen there." Of course, no one in his family has any idea where he is. "They know he's in L.A. somewhere," the source adds, "but they haven't been able to find him."

Still angry over the big family blowout, Rob has spent his time alone in the hotel, directing all his inner rage toward Kim. "He absolutely hates her and everything she stands for. He thinks she is a shallow, heartless witch who only cares about herself," the insider says. So on March 22, he deleted all the photos from his Instagram account and replaced them with a gruesome image from the movie *Gone Girl*, of **Rosamund Pike's** sociopathic character covered in blood. The caption read: "This is my sister Kim, the bitch from *Gone Girl*."

"Everyone is mad at Rob and demanding he take the photo down, but he flat-out refuses," the insider says. "He is embarrassing the family."

But while Rob's animosity toward Kim has been building for years — on a 2012 episode of ▶

Keeping Up with the Kardashians, during a fight with his most famous sister, he complained that she often makes him feel “like I’m a loser,” and he even famously skipped her wedding to **Kanye West** in 2014 — he’s also mad at his mom, Kris, for turning the family into a business. “Rob hates the way his mom treats her children like employees,” the insider says. “He’s so sick of playing her games — that’s why he’s trying to get away from his family.”

A SAD STATE OF AFFAIRS

Before moving into the hotel, Rob had been living, off and on, with his most sympathetic sister, **Khloé**. But despite supporting her little brother through many of his darkest hours, sources say she has grown frustrated with his unwillingness to help himself. “When he was staying with Khloé, he’d spend all his time sitting in his room, eating junk food, drinking way too much alcohol and obsessively messaging porn stars on Twitter,” the family source says. “It was really gross. Khloé got to the point where she couldn’t deal with it anymore.”

Since leaving the safety of his sister’s house, though, Rob has nothing keeping him in line. “He’s become a loose cannon, and he’s high almost nonstop. He’s in really bad shape,” the insider reports. “There’s also buzz that he takes prescription pills, which can be

deadly when combined with alcohol.”

Of course, Rob doesn’t plan to live at the Stay Hotel forever. Sources say he’s so desperate to have his own home again, he’s been quietly house hunting — even though he doesn’t have any money of his own. In late March, Rob and his team of handlers stopped by **David Hasselhoff**’s Calabasas, Calif., mansion, which is currently occupied by the *Baywatch* star’s daughter Taylor, who told him it was on the market. “Rob and Taylor go way back, and he opened up to her, mentioning that he was looking to move from Khloé’s place,” another source tells *Star*. “But

when he showed up there, saying he might buy Hoff’s mansion, he seemed down and out. He wasn’t acting like himself; he kept complaining that it was too hot to be outside house hunting.”

As much as Rob wants to distance himself from his family, he won’t be able to do it without their financial help. “That’s why he needs Kris on his side. He doesn’t have nearly enough money coming in to afford the type of house that he is used to residing in,” says the source. “He has even considered asking to borrow money from his teenage half sisters, **Kendall** and **Kylie**, in order to finance his move.”

With his whole family mad at him, though, there’s little hope that anyone will help him buy a house. “The last thing Kris wants

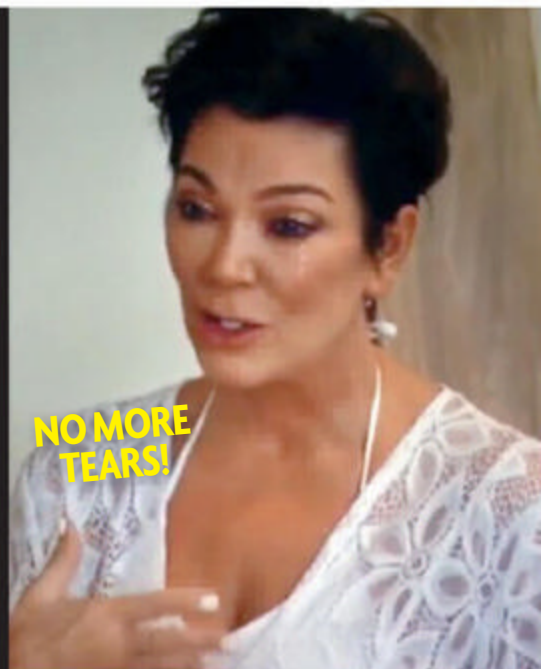

right now is to let Rob venture out on his own,” the source adds. “She was horrified over his Instagram post about Kim and could only imagine what he has to say about her. She’s trying to pacify him by letting him borrow her car, because she is petrified that he’s planning on spilling family secrets, but they rarely talk.”

In the past, Kris had tried desperately to help Rob — she initiated a sympathetic discussion with him about his depression in 2013 and took a more hard-line approach with him about his health in 2014, insisting that his “liver is shutting down” due to his substance abuse. “This

No Support

The only two family members who used to support him unconditionally, Khloé and Kris, are no longer involved in Rob’s life. “He’s sunk so low, he doesn’t want Khloé to see him anymore, so he’s avoiding her,” says the source. As for Kris, who once tearfully admitted that she loses sleep over her son: “She’s given up worrying about him,” the source says. “She was in Cancún on his birthday — that tells you all you need to know.”

THE LOST BOYS

Growing up in a house full of women has always been difficult for Rob — especially after losing his father, Robert Kardashian Sr., to cancer in 2003, when he was just 16. So he's always been quick to bond with the men in his life, including his sisters' husbands. That's why he was devastated when Khloé broke up with **Lamar Odom**, whom Rob considered a brother. "Rob lived with Khloé and Lamar for a long time, and he and Lamar were inseparable," a family insider explains. "Lamar supported Rob and understood him and never tried to make him feel bad for being different from his family or underachieving. He felt he could really rely on Lamar. So when Khloé filed for divorce, it really hurt Rob too."

Rob also felt a loss when Kim split from her second husband, **Kris Humphries**. "He and Kris got along really well," the source adds. "They would bond over how awful Kim was and make fun of her together. It made Rob feel less alone."

Now, without any close male figures in his family — stepdad **Bruce Jenner** recently divorced his mom and is now transitioning into a woman, and he's never been tight with sister **Kourtney's** longtime partner, **Scott Disick** — Rob has no one to relate to. "Losing both Kris and Lamar left Rob feeling like he can't rely on anyone sticking around," the source adds. "He feels like no one cares."

is life-threatening at this point. You can only sustain this level of being unhealthy for so long," she said. "I don't want to see something horrible happen to you."

Now, though, Kris is so busy hunting for celebrity clients to manage and jet-setting with her boyfriend that she's largely ignoring her only son. "Kris has had it with Rob; she truly doesn't know what to do anymore,"

the insider says. "He won't listen to her, won't go to rehab and is basically killing himself with alcohol and drugs. She isn't trying to abandon him, but she refuses to put her entire life on hold to baby him."

ON HIS OWN

Rob's isolation from the family has been heightened by their refusal to include him in their new \$100 million deal with E! for four more years of *Keeping Up with the Kardashians*. "There is no way

And with all the drinking and pills, he can't be trusted to behave himself. The show is scripted, and Rob is constantly going off script. He has nothing to offer but awkwardness...that's why they left him out this time."

thrilled to be off the reality show. He says he just wants a normal life, but without a viable career path of his own, he is struggling to find his way out of the Kardashians' orbit. And after pushing away his family for so long, Rob has only himself to blame for their unwillingness to help him anymore.

Still, his self-imposed exile has the youngest Kardashian feeling terribly lonely and depressed, which could lead to dire health consequences for the apparent addict. "At this point, no one would be surprised if Rob seriously hurt himself — or ended up dead — because of his overweight, alcoholic lifestyle," says the source. "And since it seems like his family has given up on him, he needs to step up and change his life before it's too late!" ★

Angie's Secret Baby

SHE had just won the Kids' Choice Award for Best Villain. But as a happy and healthy-looking **Angelina Jolie** hugged her daughters Shiloh, 8, and Zahara, 10, before bounding onstage to accept the prize on March 28, it was clear she was celebrating a lot more than just her win.

Days earlier, Angelina, 39, had announced that she'd undergone surgery to have her ovaries and fallopian tubes removed — preventing her from ever contracting the cancer that killed her mother, **Marcheline Bertrand**, at the age of 56. "I know my children will never have to say, 'My mom died of ovarian cancer,'" Angelina wrote in a *New York Times* op-ed piece. "I feel feminine and grounded in the choices I am making for myself and my family."

And thanks to another choice Angelina secretly made along with husband **Brad Pitt**, that family may soon grow even larger. *Star* has learned that, prior to her surgery, the *Maleficent* star froze some of her eggs — and plans to have another baby with Brad in the very near future. "They made the decision even before Angelina had her first surgery," says an insider of the actress, who underwent a preventative double mastectomy two years ago after discovering that she has the breast cancer gene. "When Angelina went through the second [ovarian] surgery, it made them realize how much they want another child."

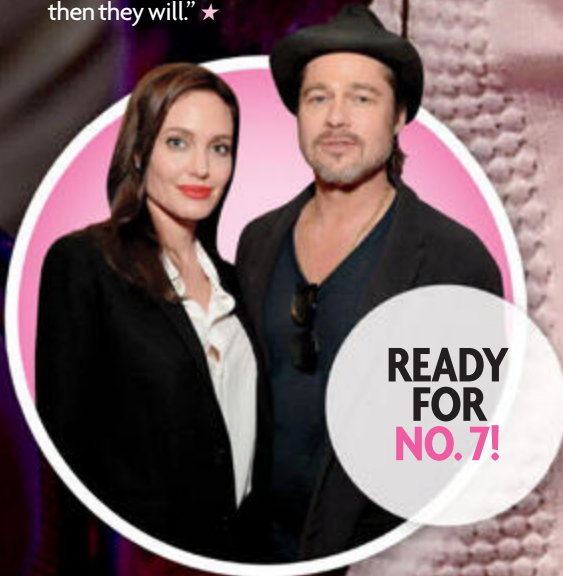

IT'S STILL POSSIBLE

While Angelina says that she's no longer physically able to have children, experts argue that that isn't necessarily true. "As long as she kept her uterus — and she says she did — she could have a child from either an egg donor or from her own frozen eggs," Dr. Tina Koopersmith, the founder of West Coast Women's Reproductive Center in Sherman Oaks, Calif., tells *Star*.

And, the insider says, Angelina and Brad couldn't think of a better way to celebrate their newfound joy in the wake of Angelina's second surgery — which can significantly decrease her risk of cancer — than to add a seventh child to their brood. "The beautiful thing about such moments in life is that there is so much clarity," Angelina wrote. "You know what you live for and what matters."

If Angelina is unable to carry another child, there are other options for the frozen eggs. According to the insider, she and Brad are also considering working with a surrogate. "They have discussed this at length," the insider says. "They've even told the children what they want to do. And the kids all say that they'd love to have a little brother or sister."

It can't happen immediately. Still recovering from her recent surgery, Angelina is content, for now, to enjoy the company of her six children — and the husband who has stood by her throughout her prolonged cancer scare. But once she's strong enough, Angelina can't wait to go through with her plans. "Brad can't wait either," the insider says. "If they can make another baby happen, then they will." ★

NO. 7!

Plan!

ANGIE HAS REMOVED HER OVARIES, BUT THANKS TO FORESIGHT, THE STAR STILL PLANS ON HAVING AT LEAST ONE MORE BABY—WITH HER VERY OWN EGGS.

"I told myself to stay calm, to be strong and that I had no reason to think I wouldn't live to see my children grow up and to meet my grandchildren," says Angelina of her cancer scare.

WHY SHE CHOSE SURGERY

Angelina's decision to have her ovaries, fallopian tubes and breasts removed may sound drastic. But given the prevalence of cancer in her family, it was an understandable — and smart — choice. The brave actress has seen *eight* of her family members fall victim to the disease, with her mother, grandmother and great-grandmother all succumbing to ovarian cancer. In addition, Angelina's cousin Francine, great-aunt Stella and aunt Debbie died from breast cancer, and her grandfather Rolland and uncle Raleigh passed away from other forms of the disease. "It gave me an estimated 87 percent risk of breast cancer and a 50 percent risk of ovarian cancer," says Angelina, who was operated on by the same doctor who cared for her mother, Marcheline. But "it is not possible to remove all risk."

WHEN Michael Jackson's three children —

daughter **Paris** and sons **Prince** and "**Blanket**" — were little, their superstar father frequently covered their faces with masks and shrouds during public outings. "He didn't want anyone to see what we looked like," Paris recalls. "That way, we could have what he didn't, a normal childhood." Now, nearly six years after the King of Pop's death at age 50, his kids (who've been raised mainly by their grandmother, **Katherine Jackson**, 84) have literally come out from under their veils of secrecy to make their own way in the world — with the help of individual annual allowances of \$8 million and a future estate inheritance of \$310 million. He reportedly complained about Michael’s “violent streak,” insisting that he not be allowed around their daughter, Bryn, 4. “If Michael comes out and says that he and Bethenny had been fighting in front of Bryn, she’s worried Jason will use that against her. He could even reopen a new custody battle,” says the source.

But it isn’t just the fights that Bethenny wants to keep under wraps. “She and Michael had quite the sex life,” the insider says, hinting that she could be “very embarrassed” if some of the

TRUSTING THE WRONG MAN

Perhaps Bethenny should have thought twice before dating someone as volatile as Michael, who had been accused of rape in college in 2000 (he denied the claim). Michael once got so mad at Bethenny during a fight that, as *Star* previously reported, he hurled a vase against a wall, smashing it to bits less than 10 feet away from her.

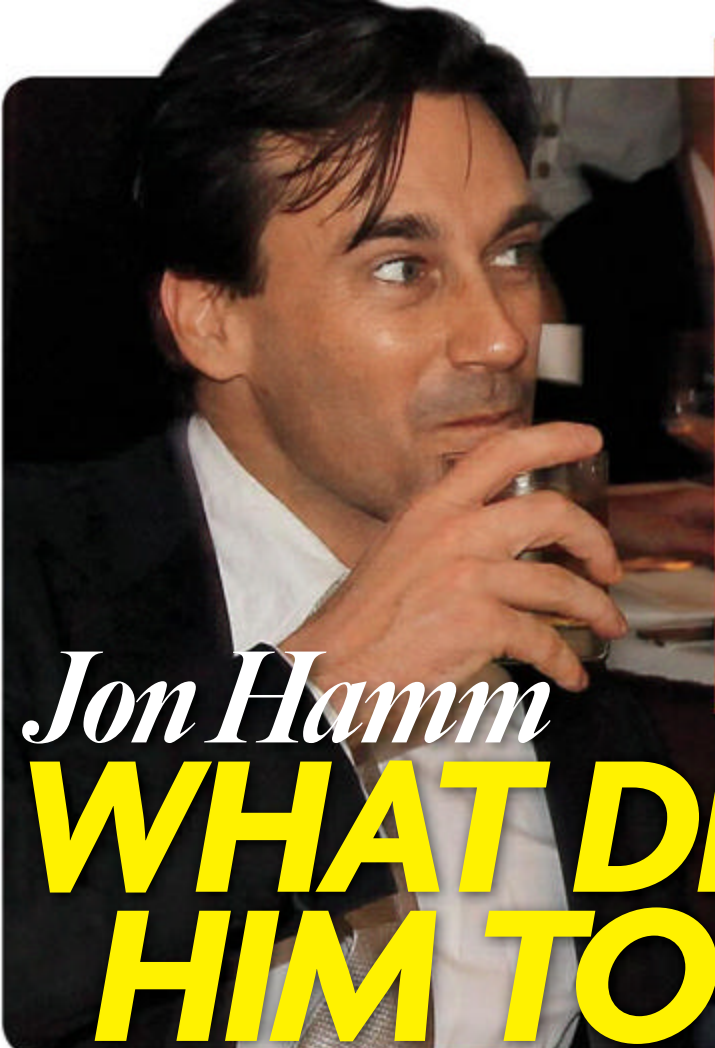

Yet, despite his turn-on-a-dime temper, Bethenny confided in him about everything from her troubled marriage to Jason to the career setback she suffered following her canceled talk show to her real feelings about her *RHONYC* castmates.

And now it all may all come back to haunt her. “Michael has been on edge since she dumped him,” the insider says. “It’s really sad, because she’s trying so hard to get her life and career on track. And if he writes a tell-all, he could ruin everything.” ★

WORRIES ABOUT HER CHILD

More than anything, Bethenny is scared of the effect a tell-all could have on little Bryn. Already feeling guilty about the nasty revelations aired during her divorce from Bryn’s dad, Jason Hoppy (left), Bethenny fears Michael might reveal private confidences she shared with him during the height of her anger. “She told him so many bad things about her marriage to Jason, and he kept pressing her for more details,” the insider says of Bethenny, who called her marriage “brutal” and “excruciating” during the divorce hearing. “She’s doesn’t want that to come out now, when Bryn is old enough to understand.”

Jon Hamm

WHAT DROVE HIM TO DRINK

THE MAD MEN STAR BRAVELY TURNED TO REHAB TO HELP CONQUER HIS DEMONS FROM GROWING UP IN A FRACTURED FAMILY.

WITH *Mad Men* hunk **Jon Hamm**'s shocking admission that he had secretly been in alcohol rehab for 30 days, it appears that the iconic image of his character, dashing advertising exec Don Draper, with an ever-present cocktail in hand, was a case of art imitating life. "With the support of his longtime partner, [actress/writer] **Jennifer Westfeldt**, [Jon] recently completed treatment for his struggle with alcohol addiction," a rep for the 44-year-old actor stated on March 24.

While the sudden announcement may have come as a surprise, one of the reasons behind Jon seeking help isn't, according to a pal. "He's really a strong-willed guy, but what Jon went through early in

life with his family could affect anyone adversely, and I think it contributed greatly to his problem," a friend tells *Star*.

TRAGIC CHILDHOOD

The Missouri native's parents, Dan and Deborah, divorced in 1973, when Jon was just 2 years old. He lived with his mother — "a great single mom," says Jon — until her shocking death in 1981 at age 35. "A stomachache one day turned out to be an advanced cancer that spread rapidly through her internal organs," he recalls sadly.

After her death, Jon moved in with his hard-living father,

who owned a trucking company and was frequently out of town. "I loved my dad, and I would see him every other weekend," says Jon. But he admits that they "had several issues and problems to the point where I spent most of my time sponging food from my friends' families and sleeping in their basements." Dan Hamm died in 1991 — while Jon was away at college in Texas — of complications from diabetes.

It may have taken years for Jon to finally come to grips with his family history, but as the friend tells *Star*, "It's wonderful that Jon took the bull by the horns and addressed his problem. Everyone who knows him is proud of the steps he's taken to get his life back in order." ★

EXCLUSIVE
PHOTO

Father Away

Jon's late dad, tough-guy St. Louis trucking executive Dan Hamm, was in and out of his son's life after Jon's parents divorced when he was just a toddler.

Support System

Jon's girlfriend of 17 years, **Jennifer Westfeldt**, 45, "has been a rock for him throughout his struggles," a friend tells *Star*. "They're a wonderful couple, and her love has meant so much to him."

Ellen & Portia

LIVING APART

JEALOUSY AND ANGER HAVE CAUSED THE DUO TO GO THEIR SEPARATE WAYS. IS IT THE BEGINNING OF THE END FOR ONE OF AMERICA'S FAVORITE COUPLES?

Alone Again

"She was in her own world and totally disheveled," says an observer who recently saw Portia walking in West Hollywood. "She was talking to herself."

HOLDING hands and smiling for the cameras, **Ellen DeGeneres** and **Portia de Rossi** looked like the model of domestic bliss when they posed on the red carpet at the GLAAD awards on March 21st. But *Star* has learned that, sadly, the couple are closer than ever to calling it quits.

An investigation has revealed that while Portia, 42, continues to live at their huge West Hollywood estate with the family dogs, Ellen has a separate pied-à-terre where she often spends days and nights away from her wife. "There was a time when Ellen and Portia never spent a moment apart," says a source. "But that isn't the case anymore. Now it seems like they barely do anything together unless it's a red carpet outing where they need to look like the perfect couple."

ELLEN'S THE BOSS

The news about Ellen's separate living arrangement is the most dire yet, after a year in which *Star* has run numerous reports about cracks in Ellen and Portia's relationship, which has lasted for the more than a decade. Insiders have said that 57-year-old Ellen's constant need to be in control is contributing to their marital problems, which now seem to be revolving around Portia's newfound success on *Scandal*.

"Ellen never wanted Portia to work as much as she does right now," the insider explains. "*Scandal* is a huge hit and demands a lot of Portia's time, but Ellen would prefer for her to be on the set of her talk show every day." The insider explains that when Portia is working, Ellen constantly shows up on the set or bombards Portia with texts. "It's led to a lot of fights," the source says. But the arguments seem to be nothing new. The couple were said to have gotten into an "epic" fight that forced them to pull out of the People's Choice Awards at the last minute last year. Shortly after, Portia reportedly checked into rehab in Malibu to seek treatment for alcohol abuse.

"Portia is still delicate," the insider says. "She's been open about her struggle with insecurities and an eating disorder. At first, she liked that Ellen had such a dominant personality — but now it's taking a toll. She can't keep living like this."

And perhaps Ellen is ready to move on too. She was recently spotted out in L.A., looking cozy with a mystery woman. "She was smiling and happy," a witness says. "And Portia was nowhere in sight." ★

Denis shows Jamie how to care for her color.

HUE GOT IT!

SPRINGTIME calls for a little tress-formation! So, actress and all-around girl crush **Jamie Chung** recently visited Joico celebrity colorist **Denis De Souza** for a color consultation. His hair vision for the natural brunette? “Sombre” (read: subtle + ombré). “Because Jamie has dark hair, this technique gives the illusion of naturally lightened hair. I didn’t change her base at all, but instead weaved in strategically positioned lighter strands to help frame her face and give her a fresh feel,” says Denis. And since “brunettes can be just as shifty, which means their luscious brown tones can take a beating from frequent shade shifting too,” it’s essential to use color protecting products between salon visits. According to Denis, Joico’s latest launch, the new Color Balance Blue Shampoo, “helps preserve color against fading, and eliminates those unwanted warm, brassy reddish tones that can creep up.” What better reason to sing the blues!

(From Left) Sonja Morgan, LuAnn de Lesseps, Bethenny Frankel, Carole Radziwill, Ramona Singer, Dorinda Medley, Kristen Taekman and Heather Thomson.

New York State Of Mind

As *The Real Housewives of New York City* returns, the ladies who lunch in the Big Apple have plenty of real-life problems to bring to the table.

DON'T cry for these poor little rich Housewives — they do plenty of that themselves! As the seventh season of *The Real Housewives of New York City* begins, tears flow like pinot grigio as most of the wealthy socialites deal with betrayal and broken relationships. That includes **Bethenny Frankel**, who returns to the series after a three-year hiatus. She breaks down while struggling to find a new home for herself and daughter Brynn due to her very nasty divorce from **Jason Hoppy**.

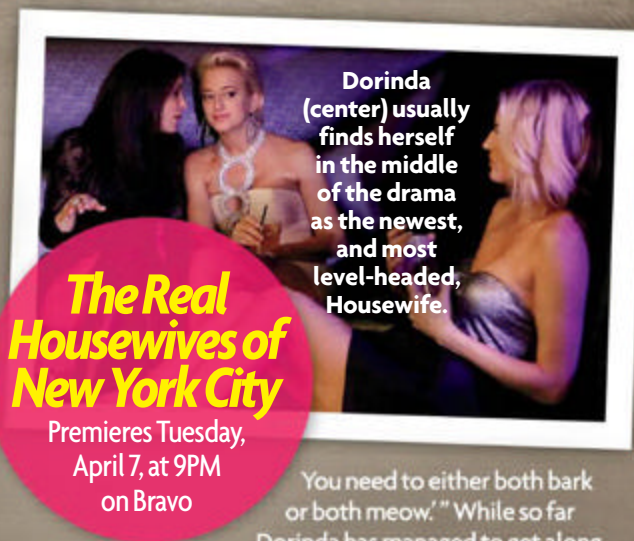

Then there's newly single **LuAnn de Lesseps**, who's lonely in her new home in the Hamptons. And who can forget **Ramona Singer**, whose divorce from cheating husband Mario after 25 years has made her a wreck? But when Ramona turns to BFF **Sonja Morgan** to share her sob stories, Sonja's too busy talking about her own struggles in the business world to care.

Enter one of Ramona's oldest pals, newest Housewife **Dorinda Medley**. A widow whose husband tragically died

three years ago, Dorinda's a single mother who has always managed to stay positive. So why enter the hornet's nest of *RHONYC*? "I'm turning 50, so I decided to change it up a bit," Dorinda tells *Star*. "It's a bunch of girls living their lives, bravely putting it out there. I hope that people can look at us and I'm sure be critical, but also say, 'I get it. I've been there.' Maybe this can help a little bit."

THE MEDIATOR

When Dorinda isn't tending to her designer-loving daughter, **Hannah**, 21, she's putting out fires between her fellow housewives. That includes jumping in the middle of a brouhaha between Ramona and Sonja. "I said, 'Ramona, you're barking. Sonja, you're meowing."

with all of the ladies, she concedes those good vibrations may not last. "I didn't have any real foes...this time. But it's eight girls," she explains. "Think about a real situation you're in — from an emergency room to *RHONYC* — you put eight girls together, there are going to be girl fights. It's inevitable!" — LINDSEY DIMATTINA ★

→ THE COMEDIANS

Premieres Thursday, April 9, at 10PM on FX

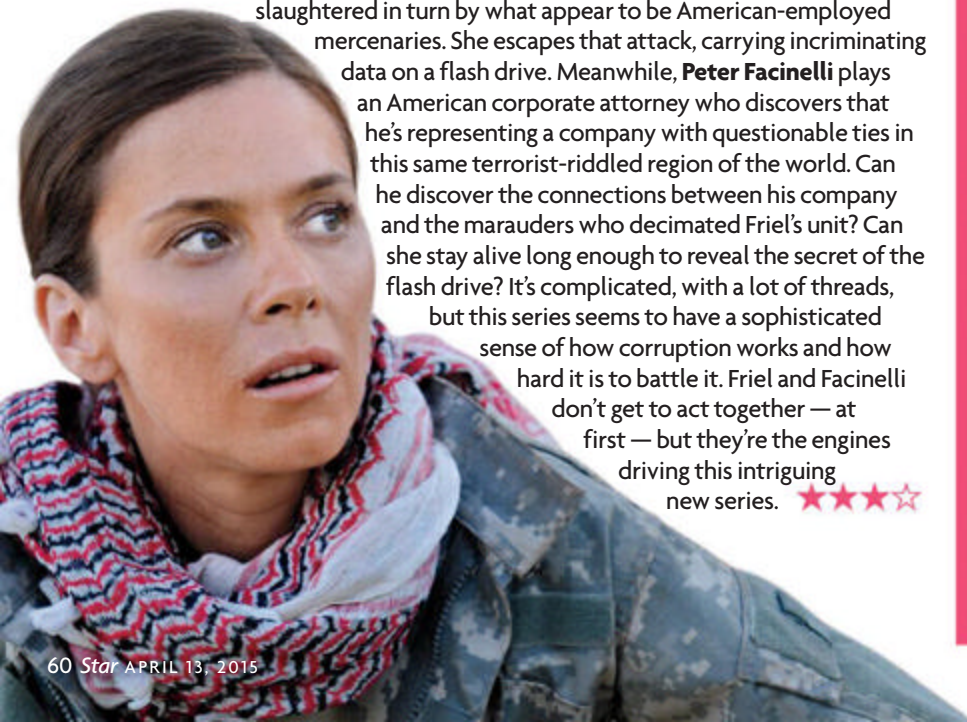

Billy Crystal and **Josh Gad** play... Billy Crystal and Josh Gad in this latest sitcom to use the mockumentary as its style structure. They play exaggerated versions of themselves, famous yet struggling comics desperate for a new hit. So they're teamed up for a new sketch-comedy show, but neither wants to share the resulting glory with someone else, even as a documentary camera crew follows them as they get the new production going. Both Crystal and Gad have the guts to play unattractive sides of themselves, because that's where the laughs are. Whether it's Crystal's jealousy that Gad is being considered for a **Martin Scorsese** film or the socially inept Gad trying to bond with Crystal and his basketball-watching buddies (which include Hall of Fame baseball manager **Joe Torre** and boxing champion **Sugar Ray Leonard**). Other stars turn up as well (**Mel Brooks**, **Dana Delany**), but this is a Billy & Josh vehicle, with the two finding comedy in perpetually rubbing each other the wrong way. ★★★★★

→ AMERICAN ODYSSEY

Premieres Sunday, April 5, at 10PM on NBC

This new serialized drama delves into an international military conspiracy. It stars **Anna Friel** as an American special-forces operative behind enemy lines in the Middle East whose unit kills an Osama bin Laden-level terrorist and is slaughtered in turn by what appear to be American-employed mercenaries. She escapes that attack, carrying incriminating data on a flash drive. Meanwhile, **Peter Facinelli** plays an American corporate attorney who discovers that he's representing a company with questionable ties in this same terrorist-riddled region of the world. Can he discover the connections between his company and the marauders who decimated Friel's unit? Can she stay alive long enough to reveal the secret of the flash drive? It's complicated, with a lot of threads, but this series seems to have a sophisticated sense of how corruption works and how hard it is to battle it. Friel and Facinelli don't get to act together — at first — but they're the engines driving this intriguing new series. ★★★★★

→ NURSE JACKIE

Premieres Sunday, April 12,
at 9PM on Showtime

The series' seventh and final season starts where the last one left off: with Nurse Jackie Peyton (Emmy winner **Edie Falco**) getting her mug shot taken in jail after being arrested for drug possession. It's been a long time coming in this tale of an addicted nurse trying to juggle family, career and a serious OxyContin habit. She's ready to detox and get back to work, but almost everyone in her life has written her off as a hopeless junkie. This series manages to mix drama and humor as it unabashedly deals with the real consequences of both drug abuse and zero-tolerance drug policies. It's still the story of an addict battling her worst impulses, and the drama is in the suspense over which side of her nature will end up winning.

CANCER

JUNE 21–JULY 22

Don't allow anything or anyone to distract you. In work or in love, you need to associate with people who are enthusiastic and inspired about life.

LEO

JULY 23–AUG. 22

There's no one better than you when you're on point — go for the gold! If you feel compelled to say what you mean, speak from your heart. If it's love you're looking for, then don't hold back.

VIRGO

AUG. 23–SEPT. 22

Don't rush into relationship decisions, especially if they concern money. Make sure you consider all of your options and leave the communication channels open.

LIBRA

SEPT. 23–OCT. 22

Try not to overanalyze a personal situation; chill out and see what happens next. When communicating, be outspoken and say what's on your mind.

SCORPIO

OCT. 23–NOV. 21

The people you meet now will have an impact on your future. Discussions at work open doors to enhance your career future. Take control — but don't engage in a power struggle.

SAGITTARIUS

NOV. 22–DEC. 21

Get ready to enter the fast lane. Life is about to get hectic — you need to stay productive and focused to achieve everything on your to-do list. If you need an image overhaul, now's the time to do it.

CAPRICORN

DEC. 22–JAN. 19

You may not be privy to all that goes on behind the scenes at work and feel like you have no control, but have faith — this is a powerful and progressive time. If there is uncertainty around money, be optimistic; everything will work out.

AQUARIUS

JAN. 20–FEB. 18

To get ahead at work, don't just follow the leader; you can listen to advice, but put your creative slant on a project. Be intuitive with money matters; if it doesn't feel right, it probably isn't — especially if it relates to a personal situation.

PISCES

FEB. 19–MARCH 20

Confidence is an attractive trait; don't allow anyone to intimidate you. A straightforward discussion with someone at work can reveal a promising opportunity, but don't agree to anything until you have all the facts and figures.

"Wall Street Analysts Praise New Breakthrough"

New Fat-Melting Pill Could Put Diet Industry Out of Business by 2016

**Special Report by
Health & Fitness Editor
Steve Engerson**

NEW YORK —

You know what they say; if it sounds too good to be true, it probably is! That is, until recently when a small Colorado nutraceutical company developed the unbelievable... a new pill, that lets you drop dramatic amounts of weight — apparently without much effort at all!

Meet the Pill that Disintegrates Fat Cells ...While You Sit Still.

Shred360™ originally shook up the fitness industry because of the way it **DOUBLES** your fat-burning potential and made fitness models "camera ready" in dramatically less time.

Shred360™ allows ANYONE, not just fitness professionals, to **LOSE INTENSE AMOUNTS OF FAT** — without grueling workouts or tasteless diet foods. It works by first breaking apart, then disintegrating your stubborn fat cells — so you drop pounds and inches even while you **SLEEP!** And best of all, Shred360™ was just released to the general public. That means you can experience unprecedented weight loss too.

Two Servings Replace Hours of Grueling Workouts. ACCELERATE the Speed of Your Metabolism by up to an Astounding 43%!

By creating a "Sedentary Cellular Workout" (nearly doubling the speed of your metabolism) Shred360™s

formula actually fools your body into thinking that you are lifting weights and running hard... increasing your metabolic rate by 43% and **BURNING FAT FAST...**

SIXTEEN Highly Refined Ingredients Vaporize Fat Without Effort Unlike Anything Ever Released!

Shred360™ is VERY Different from anything you've seen. Its proprietary blend of **SIXTEEN** potent ingredients, are Scientifically **PROVEN** to:

- Evaporate Fat by Speeding Your Metabolism by an Astonishing 43%
- Fool your body into burning carbs as energy — NOT storing them as fat
- Fool your body into **BURNING** Stored FAT through Thermogenesis and lipolysis
- Fool your body into feeling full — the ultimate appetite suppressant
- Enable your body to **PRESERVE** Lean, Healthy **MUSCLE**
- Increase energy and mental clarity almost immediately — guaranteed

And unlike highly ineffective, slickly marketed "diet supplements" (that are usually glorified caffeine pills) — Shred360™ (originally formulated for top athletes) will:

- **NEVER** make you jittery
 - **NEVER** make your heart race
 - **NEVER** leave you feeling hungry
- Shred360™s formula includes well documented Green Tea,

Vitamins B6 & B12, Green Coffee and Raspberry Ketones, among others. Together, they are **unconditionally guaranteed** to make every surplus bit of your unwanted fat disappear - effortlessly - without starvation diets and painful exercise... while at the same time preserving the lean healthy muscle that your body needs.

Fitness Professionals Praise The Fat Burning Power of Shred360™

"Shred360™ Is the Best of the Best. In all my years of being a Fitness Professional, I've never recommended a fat-burner because almost all fat burners fall short... but I was so impressed with the science, the ingredients, AND the personal results of this product - I contacted the company directly to share my excitement." Shaun Hadsall — Fitness Trainer, creator of the "4-Cycle Fat Loss" system

Analysts Think Shred360™ Could put Jenny Craig and Weight Watchers Out of Business by 2018

Analysts (who have studied Shred360™s ability to isolate, breakup and eliminate fat from the body) predict traditional weight loss companies will be obsolete in the next 4-years.

Let's be honest. For most of us, the absolute ease of losing fat with Shred360™ is much more important than the science of "how it works". As one Wall Street Investor put it, "By using Shred360™ - you can eat like a normal person, skip the gym, and lose the fat you want while you sleep — so who in their right mind would ever use a company like **Jenny Craig** or **Weight Watchers**? The answer, clearly, is no one."

No more tasteless "diet frozen meals", no more prepackaged "food", no more time consuming trips to the gym, and no more clubs

to join - **PLUS** Shred360™ nearly doubles your metabolism and burns fat while you **SLEEP** — making it the most important breakthrough in weight loss history... and that has mainstream companies worried...

Produced Under Highly Controlled Environmental Conditions In Small Batches, So Supplies Are Very Limited

Shred360™ was originally developed for Top Fitness Professionals (a very small market) and was never meant to be the all-around fat burner that it, thankfully, turned out to be. Because of this, Shred360™ is produced under highly controlled conditions, in one of America's Top Certified Supplement manufacturing facilities, in very small batches... making supplies quite limited. This production method guarantees that Shred360™ is always pure, always safe, and always effective. Shred360™ truly is a "Professional Grade" supplement.

Special Opportunity for Our Readers — Small Sample of Shred360™ Made Available with No-Questions-Asked 365-Day Guarantee!

As the Health and Fitness Editor, I am happy to say that I have been able to reserve a limited supply of **GUARANTEED TO WORK** Shred360™ - for 100 of our readers (I wish it could have been more — but their supplies are very limited). All you have to do is call them directly at 1-800-864-4347 and request your limited supply plus additional **FREE** bottles (just ask).

You will see — stubborn unwanted fat will be eliminated from your body with absolute ease. But please don't wait to call... once these free samples are gone — they are gone for good.

THE SHRED360™ EFFECT: DESTROYS AND ELIMINATES FAT CELLS

It works by first breaking apart, then disintegrating your stubborn fat cells — so you drop pounds and inches **even while sitting or even sleeping!**

Star CHECK IT OUT!

WHAT CAUGHT OUR EYE THIS WEEK...

The *RHOA* star has just signed on for another series, *NeNe and Kim: The Road to Riches* — which will costar her old frenemy **Kim Zolciak**.

OPEN HOUSE

* Really?

NeNe bought this huge, Mediterranean-style mansion while it was still being built. Located in Duluth, Ga., just outside Atlanta, it sits on the second tee of the upscale Sugarloaf Country Club golf course.

NeNe Leakes' \$2.1 MILLION MANSION

The main kitchen, one of two, has a large center island to cook meals fit for a queen.

NeNe's grand staircase screams her signature phrase, "I am very rich, b**ch!"

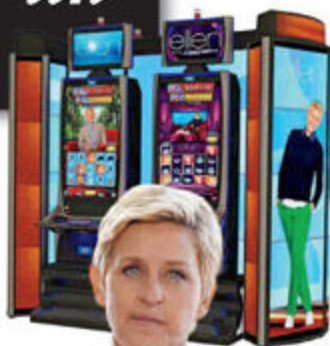

After living for years in rented houses, NeNe finally has a living room she owns.

ELLEN

Gambles With Her Image

Wanna dance away with cash? How about laugh all your money away? Then you may want to take a spin on Ellen DeGeneres' new line of slot machines. Already installed in casinos around the United States, the machines offer a number of different games replete with video of the daytime talk show host's signature wit. So even if you lose your rent, it's impossible to get depressed! OK, maybe not.

50 YEARS OF BEAUTIFUL MUSIC TOGETHER

Julie Andrews and Christopher Plummer — and many of the actors who played the von Trapp children — celebrated the 50th Anniversary of *The Sound of Music* at the 2015 TCM Classic Film Festival in Hollywood. And Julie, 79, and Christopher, 85, still looked lovely together. Must be that crisp Austrian air!

As she was gearing up to shoot *Sharknado 3*, Tara Reid let it all hang out on the beach in Miami. But she may want to put a little more meat on her bones if the bad girl plans on fighting off hundreds of flying great whites—from the looks of her skinny frame, a goldfish could knock her over!

JOAN'S A GREAT DAME!

Guess kicking, screaming, hair-pulling catfights in fountains are now royally approved. Famed British actress Joan Collins, 81, best known in the U.S. as the diabolically bitchy and powerful Alexis Carrington on the hit '80s soap *Dynasty*, was named Dame Commander of the British Empire for her decades of charitable work, particularly for children's health issues. Bestowing the honor on her at Buckingham Palace was Prince Charles, who looked as though he was eagerly anticipating one of her signature slaps!

Star WEEKLY AWARDS

We round up the week's best, worst downright strange

* Cutest Newborn Photo...

Carrie Underwood Instagrammed this precious shot of her newborn son, Isaiah, sleeping with a mini hockey stick. "The Predators are in the playoffs! Just waiting to get called up!" she captioned the photo, in honor of her pro-hockey player husband, Mike Fisher. Let's hope they never put a mask on that face!

HOCKEY BABY!

I WON AGAIN!

* Craziest Reaction...

When Taylor Swift wins an award, her reaction is anything but a Blank Space. So when she won the prize for Best Lyrics at the iHeartRadio Music Awards, Justin Timberlake jokingly mocked Taylor's trademark hyperenthusiasm. And that, of course, resulted in some even more manic celebration by Miss Swift.

Mayor Marty Walsh

@choll12 We are all devastated about Zayn Malik but we must soldier on #ASKMJW

* Funniest Tweet

Boston mayor Marty Walsh summed up the ridiculousness of the boyband breakup that blew up the Internet.

* MOST DEVOTED FAN...

This dead ringer for Katy Perry threw the singer for a loop outside the premiere of her new movie.

PERRY SIMILAR!

* BEST ACCIDENTAL PHOTOBOMB

Proving that not everyone goes gaga over Kim and Kanye, Alice Bamford Instagrammed this cute shot of her and her child, writing, "Lunch with Lilou at Nobu!!" Little did she know, or seem to care, that she was sitting next to the first family of reality TV.
